Corrupt Practices
Investigation Officer

ABOUT ME

I am Kopi Lim. I love coffee, especially Kopi O Kosong because it is not sweet. I used to think I was going to be a barista when I grow up but it all changed when I heard about the work of the CPIB. I have seen for myself how corruption can have serious consequences for society and I want to make a change! I saw myself fighting corruption, and I believe I can do it because I am whiter than white. My friend Goldilocks said I am also very brave, so I think I have what it takes to stand strong and courageous against corruption. I will work hard with the rest of the CPIB officers to battle corruption swiftly and surely, without fear or favour!
